

Kitten Annual Wellness Plan

Kitten Annual Wellness Plan

For kittens under 6 months of age

Comprehensive physical exams

- Free Physical /Medical Exams from Nose to Tail Throughout Kitten Series to help ensure your kitten gets a healthy start to life
- Free exams the rest of the year*

Vaccines

- All the vaccines your kitten will need
(Based on your kitten's lifestyle, these help protect against a variety of infectious diseases)

Diagnostics

- Fecal Exams (3) - checks for intestinal parasites which are very common in kittens - that is why we look at multiple samples!
- Ear Cytology (1) - This checks for ear infections, which are very common in kittens
- Feline Leukemia (FELV) and Feline Immunodeficiency Virus Disease

Parasite prevention

- Deworming Medication (3) This helps treat common parasites such as hookworm and roundworm, frequently found in pets stool and can spread to people
- Heartworm / Flea Preventative (3 doses) - Get your new family member started off right with comprehensive flea, heartworm and parasite protection - given monthly, year-round

Kitten Plan Plus: (Includes Spay or Neuter 4-7 Months)

We highly recommend that all kittens are spayed / neutered. These pets tend to be healthier, happier and live longer. On these plans the surgeries need to be completed by 7 months of age.

- A comprehensive pre-surgical exam
- Preanesthetic Health Screen
- Anesthesia and surgical monitoring
- IV catheter and fluids to keep your kitten hydrated and maintain blood pressure during surgery
- Pre-surgical pain medication and pain-relief drugs to take home to keep your pet comfortable
- Universal Microchip
- Hospitalization for the day
- Suture removal/ follow-up appointment as needed
- Home-care instructions
